## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Directors have pleasure in presenting the Management Discussion and Analysis report for the year ended on March 31, 2019.

### (A) Industry Structure and Development

Beer industry in India has been experiencing growth rates of about 10% in the past decade. Although India isn't a typical beer gulping nation but the winds of change might just be around the corner with growth projections of the industry hovering at much higher levels.

Change in demography, a better standard of living and a myriad of choices that 21st century Indian enjoys, beer industry is expected to grow in double digits in the coming years. Its consumption in India has increased into double digits in last decade.

India is the fourth largest beer consumer in the Asia-Pacific region by volume. Though the alcohol industry in India has been dominated by Spirits (IMFL and country liquor) and Beer comprises about 11% of the total alcohol consumed in India, recent surveys show that beer is the preferred alcoholic beverage for young Indians and has a bright future. It has registered robust growth in the last 10 years. From a total industry consumption of about 100 million cases in 2005, the consumption has nearly tripled to 294 million cases in 2016.

Compared to the global average per capita consumption of about 30 litres, the per capita consumption in India is about 2 litres. However, the scope for growth in India continues to remain positive given the climate, young demographics and increasing disposable income.

Beer is a rapidly expanding segment in the Indian Alcoholic Beverages industry. It is the third largest market and second fastest growing market in the Indian alcoholic beverages industry. Beer market has been segmented into strong beer and mild beer on the basis of their alcohol content.

The market size of Indian Beer Industry is expected to register a robust growth in 2018-19, driven by various factors like growing acceptability of social drinking, easy and convenient availability of beer along with burgeoning varieties on offer. Escalating disposable incomes, rising influence of urbanization and low per capita consumption are also anticipated to drive the consumption of beer in the nation.

In keeping with Indian consumer tastes, about 80% of the beer consumed in India is 'strong beer', i.e. beer with alcohol content above 5%, mild beer accounts for the remaining 20%. The strong beer segment is also the faster growing of the two and this is likely to continue, in keeping with Indian tastes.

Winsome Breweries Limited is engaged in the manufacture of beer, located 70 km from New Delhi in the state of Rajasthan. The brewery was set up in technical collaboration with Henninger Brau with imported equipment and is equipped with all regulations and licenses. It has large water reservoir (unique since Rajasthan restricting issuance of new licenses). Its manufacturing capabilities confirm to the highest German standards with efficient operations of international standards with high levels of automation, monitoring devices and testing equipment. It is currently in agreement with UB Group for bottling various brands of the Group. Major markets in North India including Delhi, Haryana, Punjab, Himachal Pradesh, Uttar Pradesh and northern Madhya Pradesh are within efficient logistics range. Rajasthan is the largest beer market in North India (fourth largest in India). For more than two decades, the company is consistently maintaining the good quality of its beer products. The Company has been making impressive progress in the business of beer during the last few years but there was no manufacturing in previous year as agreement with UB Group expires but renewed on 01<sup>st</sup> July 2019 so the production will soon start. The company contributes about 20% of the total beer sale in the whole of Rajasthan.

### (B) Opportunities, Threats and Concerns.

The Company's beer is directly sold to Rajasthan State Breweries Corporation Limited (RSBCL), there is no sale to the private authorities and the company enjoys sale of beer primarily in the state of Rajasthan. The company has a production capacity to manufacture about 50 Lakhs cases of beer per annum. India's young and growing population, coupled with increasing wealth and urbanisation will also help increase alcoholic beverage consumption. Gradually increasing social acceptance of alcohol consumption will also support volume growth in bars and restaurants.

The business outlook continuing has been dampened by an unfavorable regulatory environment. Alcohol production, distribution and sales has been regulated by each state in India and the different regulations and existence of the central state tax (CST) payable on goods moving from one state to another are the biggest limit on growth.

The introduction of the Goods and Services Tax (GST) is being eagerly looked forward to by the Indian industry at large. The legislation that has been under discussion for the past decade and now implemented on 01.07.2017 to bring the country under a single tax regime that would avoid cascading taxes and be simple to implement. However, the alcohol industry is being kept out of the GST reform. We will be outside the tax reform on our output, but pay GST rates on our input materials. This would result in higher tax incidence on input materials pushing up our cost of production.

Competition from major foreign companies such as Carlsberg, Molson Coors etc. which are coming into India will also affect the Company's market share, though at the same time, tough conditions for new entrants into the market means existing players have lesser challenges.

The Company has been facing difficulty due to very high levels of taxation, rising cost of production, stringent Government policies and frequent changes in laws. The high levels of fluctuations in the prices of its main raw material and availability of raw material at higher cost are also major constraints being faced by the Company during the past few years.

### (C) Out Look

The growing market demand based on the increasing youth population in the country along with higher living standards and increasing purchasing power will result in good market growth and good revenue generation for the company. The existing capacity should take care of the company's requirement at least for the next Five years and the Company also has expansion plans to double its manufacturing capacity in the coming years to cater to the growing market demand.

We estimate an overall beer industry to register a growth of 12% year-on-year across India. The growth rate of 12% is a conservative estimate; the industry has all triggers in place for exceeding the projected growth rate.

### (D) Risk and Concerns

Due to stiff competitions in the finance field where the company's activities are centred in, the overall margins are always under pressure, but maintainable with the constant effort and good services rendered by the company.

### (E) Internal Control System and Their Adequacy

The Company has engaged the services of an independent Chartered Accountant to carry out the internal audit and ensure that recording and reporting are adequate and proper, the internal controls exist in the system and that sufficient measures are taken to update the internal control system. The system also ensures that all the transaction are appropriately authorized, recorded and reported. Steps for safeguarding assets and protection against unauthorized use are undertaken from time to time.

# WINSOME BREWERIES LIMITED

All these measures are continuously reviewed by the management and improvements also made as and when required.

**(F) Discussion on Financial Performance With Respect To Operational Performance**

The financial performance during the year was unimpressive in terms of sales and profitability resultant the Company was in loss which was mainly due to no manufacturing as agreement with UB Group was expired.

**(G) Human Resources/Industrial Relations Front, Including Number of People Employed.**

As on March 31, 2019, the company had Twenty Four permanent employees at its manufacturing plant and administrative office.

The company recognizes the importance of human value and ensures that encouragement both moral and financial is extended to each individual for motivating them to perform to the maximum capacity, to contribute to developing and achieving individual excellence and departmental objectives and continuously improve performance to realize the full potential of our personnel. The company Industrial relations are cordial and satisfactory during the year under review.

## **REMUNERATION TO KMPs AND OTHER EMPLOYEES**

The policy on remuneration for KMPs and other employees is as below:-

### **I. Fixed pay**

The remuneration and reward structure for employees comprises two broad components — annual remuneration and long-term rewards. The Committee would determine the remuneration of the Directors and formulate guidelines for remuneration payable to the employees.

These guidelines are as under:

#### **a) Annual remuneration**

Annual remuneration refers to the annual compensation payable to the employees of the Company. This comprises two parts - a fixed component, and a performance-linked variable component based on the extent of achievement of the individual's objectives and performance of the business unit. The performance of the individual will be measured by the Head of each department in taking into account monthly, quarterly and yearly performance. The Head of the department may consult other employee in order to assess an individual's performance. The performance-linked variable pay will be directly linked to the overall performance of the business. An employee's variable pay would, therefore, be directly dependent on his/her performance that represents the best interests of shareholders.

The objective is to set the total remuneration at levels to attract, motivate, and retain high-caliber, and high potential personnel in a competitive global market. The total remuneration level is to be reset annually based on a comparison with the relevant peer group globally, established through independent compensation surveys, from time to time.

#### **b) Long-term rewards**

Long-term rewards may include Long-Term Incentive Plans (LTIP) under which incentives would be granted to eligible key employees based on their contribution to the performance of the Company, relative position in the organisation, and length of service under the supervision and approval of the Committee. Another form of long term awards could be in the nature of stock options of the company. Stock Options may be granted to key employees and high performers in the organisation who would be selected by the Committee based on their criticality, past performance and potential.

These long-term reward will attract and retain key talent in the industry.

### **II. Minimum remuneration to Managing Director and Whole Time Directors.**

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managing Director and Whole Time Directors in accordance with the provisions of Schedule V of the Companies Act, 2013.

#### **Remuneration to Non-Executive / Independent Directors**

Independent Directors ("ID") and Non-Independent Non- Executive Directors ("NED") may be paid sitting fees (for attending the meetings of the Board and of committees of which they may be members) and commission within regulatory limits. Quantum of sitting fees may be subject to review on a periodic basis, as required.

Within the parameters prescribed by law, the payment of sitting fees and commission will be recommended by the committee and approved by the Board.

Apart from sitting fees and Commission, no other payment shall be made to any of the non-executive directors. The company has no stock option plans and hence, such instruments do not form part of remuneration payable to NEDs.

#### **PERFORMANCE EVALUATION**

Pursuant to the provision of the Companies Act, 2013 and SEBI (LODR) Regulations, 2015 the board has carried out the annual performance evaluation of its own performance, the directors individually as well as the evaluation of the working of all the Committee. A structured questionnaire was prepared after taking into consideration inputs received from the directors, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its committees, Board culture, execution and performance of specific duties, obligations and governance.

The evaluation/assessment of the Directors, KMP's and the senior officials of the Company is to be conducted on an annual basis.

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF WINSOME BREWERIES LIMITED

#### Report on the Standalone Ind AS Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of **WINSOME BREWERIES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the Loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We do not consider any matter to be key audit matter to be communicated in our report for the year under audit.

#### Emphasis of Matter

We draw attention to the following matter in the notes to the financial statements-

- Note no. 42 in respect of expiry of manufacturing agreement on 31/03/2018 and pending renewal of the same during FY 2018-19.

Our opinion is not modified in respect of the matter.

#### Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial

# WINSOME BREWERIES LIMITED

statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure I" a statement on the matters specified in paragraphs 3 and 4 of the Order.

In conjunction with our audit of the standalone IndAS financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence /we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2018, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on "Audit of Internal Financial Controls Over Financial Reporting" issued by the Institute of Chartered Accountants of India.

### (ii) Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is insignificant to the fair value measurements as a whole.

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : valuation techniques for which the lowest level inputs that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3 : valuation techniques for which the lowest level input which has a significant effect on fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities, other than those whose fair values are close approximations of their carrying values.

#### Financial assets and liabilities measured at fair value - recurring fair value measurements for which fair values are disclosed at 31 March 2019:

	Date of valuation	Total	Fair value measurement using		
			Quoted prices in active markets	Significant observable inputs	Significant unobservable inputs
			(Level 1)	(Level 2)	(Level 3)
<b>Financial assets</b>					
Non current Investments	31-Mar-19	1,632.93	599.05	-	1,033.88
	31-Mar-18	1,847.66	677.82	-	1,169.84

There have been no transfers between Level 1 and Level 2 during the period.

#### Assets and liabilities which are measured at amortised cost for which fair values are disclosed at 31 March 2019:

	Date of valuation	Total	Fair value measurement using		
			Quoted prices in active markets inputs	Significant observable inputs	Significant unobservable inputs
			(Level 1)	(Level 2)	(Level 3)
<b>Financial assets</b>					
Security deposits given	31-Mar-19	28.37	-	-	28.37
	31-Mar-18	25.10	-	-	25.10
<b>Financial liabilities</b>					
Security deposits received	31-Mar-19	1.02	-	-	1.02
	31-Mar-18	0.78	-	-	0.78

There have been no transfers between Level 1 and Level 2 during the period.

For cash and cash equivalents, trade receivables, other receivables, short term borrowing, trade payables and other current financial liabilities the management assessed that their fair value is approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the Company's long-term interest free security deposits are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the market borrowing rate as at the end of the reporting period. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The management has assessed that the carrying value of investments made in Indian Soft Drinks Manufacturing Association is close approximation of its fair value.

## 29 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise trade and other payables, security deposits, employee liabilities. The Company's principal financial assets include trade and other receivables, inventories and cash and short-term deposits/ loan that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks. The Company's senior management is supported by a Risk Management Compliance Board that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The management reviews and agrees policies for managing each of these risks, which are summarised below.

### I. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include , deposits.

The sensitivity analyses of the above mentioned risk in the following sections relate to the position as at 31 March 2019 and 31 March 2018.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities of foreign operations. The analysis for contingent liabilities is provided in Note 34.

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2019 and 31 March 2018.

#### A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. However the risk is very low due to negligible borrowings by the Company.

	Increase/ decrease in basis points	Effect on profit before tax
		Rs.
<b>31-Mar-19</b>		
INR	+ 0.5%	(0.64)
INR	-0.5%	0.64
<b>31-Mar-18</b>		
INR	+ 0.5%	(0.99)
INR	-0.5%	0.99

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

### B. Foreign currency sensitivity

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in exchange rates. Foreign currency risk sensitivity is the impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The following tables demonstrate the sensitivity to a reasonably possible change in USD and EURO exchange rates, with all other variables held constant.

	Change in USD rate	Effect on profit before tax
		Rs
<b>31-Mar-19</b>		
	5%	(0.55)
	-5%	0.55
<b>31-Mar-18</b>		
	5%	(0.55)
	-5%	0.55

The movement in the pre-tax effect on profit and loss is a result of a change in the fair value of derivative financial instruments not designated in a hedge relationship and monetary assets and liabilities denominated in INR, where the functional currency of the entity is a currency other than INR.

# WINSOME BREWERIES LIMITED

## II. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions.

Credit risk from investments with banks and other financial institutions is managed by the Treasury functions in accordance with the management policies. Investments of surplus funds are only made with approved counterparties who meet the appropriate rating and/or other criteria, and are only made within approved limits. The management continually re-assess the Company's policy and update as required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty failure.

The maximum credit risk exposure relating to financial assets is represented by the carrying value as at the Balance Sheet date

### A. Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit review and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

At the year end the Company does not have any significant concentrations of bad debt risk other than that disclosed in note 9.

An impairment analysis is performed at each reporting date on an individual basis for major clients. The calculation is based on historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 39. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

### B. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties.

## III. Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	Less than 1 year	1 to 5 years	> 5 years	Total
<b>Year ended</b>				
<b>31-Mar-19</b>				
Borrowings*	755.44	127.80	-	883.24

	<b>1,302.92</b>	<b>198.96</b>	-	<b>1,501.88</b>

\* In absolute terms i.e. undiscounted and including current maturity portion

## IV. Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

The Company's manufacturing facilities are situated in different geographies. Similarly the distribution network is spread PAN India.

## 30 Capital Management

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to carry out committed work programme requirements. The Company monitors the long term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility.

The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital, issue new shares for cash, repay debt, put in place new debt facilities or undertake other such restructuring activities as appropriate.

No changes were made in the objectives, policies or processes during the year ended 31 March 2019.
